The page content includes a 'Keywords' section with a text area and a 'Your Photo' section with a 'Save Changes' button. A blue arrow points to the 'Save Changes' button with the text 'Click here to save your changes'. Below the form, there is a detailed explanation of keywords.

Keywords What is this for? See below *.

Your Photo [no photo found for you]
[Upload or Update Your Photo](#)

* What are keywords for? The county Agents/coordinators have the ability to search for volunteers that match certain 'Gardening Interests'. This has been extended to include a keyword search (against 'Bio' and 'keywords') for volunteers expressing specific talents, areas of assistance, and specific interests. Your Bio should obviously be written as a grammatically correct narrative, but the keywords field can be just a collection of single words, acronyms, slang terms, and/or phrases to augment your Bio. Any talent or capability you have that might be useful to the MG program. Examples might include 'tractor', 'Photoshop', 'trailer', 'compost bins', 'printing', etc. Think 'search engine food'.
